- The Constitutional Secretariat
- The Temporary Housing Unit

Each Unit/Section is to identify the appropriate member of staff to carry out tasks listed in the Schedule to these procedures. The procedures adopted must be such as to enable Cabinet to comply fully with the requirements of the Freedom of Information (FOI) Law.

#### **Identifying Freedom of Information Requests**

Every written request for information received by post, e-mail, fax or in person is a Freedom of Information request unless it is for information that is already in the public domain. Information that is considered in the public domain is information available for purchase or information open to access by the public pursuant to another law; information on a public register or information which is available subject to administrative procedures e.g. negotiation of a contract of agreed terms. Information in the public domain is information made available generally to the public, which should continue to be provided as normal under Freedom of Information.

A FOI request must be in writing and include the applicant's name, mailing address and a description of the information they are seeking. An applicant is not required to indicate their request falls under the FOI Law. Each authority must respond to a request within 30 calendar days of receipt by either granting or refusing access to the information requested. Calendar days include weekends and holidays. Fees may be charged for FOI requests and these will be outlined in the FOI Regulations and will not exceed the actual cost of responding to or reproducing the information.

This entails the internal reviewer repeating the decision making process from point number 1 above and reviewing all relevant documentation and any supplemental information used in the decision-making process. The Chief Officer or Minister (s.15, 16, 18) is the person responsible for the internal review except in cases where they have been involved in the original decision. If such cases should be appealed, the appeal must be made to the Information Commissioner.
